

# Good news!

Our hearing care practice is the first in the area to become part of a new organization called Hear For Life®. Hear For Life is a national network of independent audiologists dedicated to providing expert, ethical testing, counseling and follow-up care for the hearing impaired community.

The Hear For Life concept is based on personalized, professional care and patient satisfaction. In fact, all Hear For Life centers offer an exclusive **one-year satisfaction guarantee** on hearing aid fittings. We're confident you'll be pleased with our commitment to your hearing health. We haven't changed our personnel or our location. We *have* become affiliated with Hear For Life.
